

Description:
12L Smart Gas Water Heater
Model:MA-1210FER

Main Features

- Radio frequency remote controller
- Smart digital constant temperature function
- Precision temperature control
- Diagnostic error code display
- Touch-key control panel
- Digital temperature display
- Bath fill function
- Designer panel

Specifications (Indoor Model)

Model	MA - 1210FER
Type of Gas	Town Gas
Gas Pressure	1.5kPa
Max Gas Consumption	10KW
Hot Water Outlet +25°C Rise	10L/min
Temperature Range	36-60°C
Min Operating Water Pressure	0.02 MPa
Working Water Pressure	0.02-0.8MPa
Water PipeG1/2	Gas Inlet G1/2
Exhaust Pipe	70mm
Power Supply	AC 220-240V 50Hz
Rated Power	45W
Power Cable	1.5m
Weight	11.5kg
External Dimension	H515xW360xD150mm
